## FOUNDATION SCHOOL RECIPIENT OF BEAUTIFUL FLAG

To the Daughters of Veterans organization of Cleveland, Ohio, is the Foundation School indebted for a beautiful Bulldog Bunting flag, measuring ten by fifteen feet. The department is proud that they have a flag that they can call all their own. It will wave in the classic breezes of that department next year.

## FARMERS, SAVE YOUR WHEAT

Several thousand bushels of wheat is wasted and damaged each year in Madison County alone, on account of some farmers not stacking and protecting it after the crop is made.

On account of the shortage and high cost of burlap, you may not be able to get wheat bags the day you want them, so by all means stack or house your wheat. This is more dollars to you as it is also your patriotic duty.

R. L. Potts & Son. ad-51.

## WEIGH YOUR CHILD FOR THE GOVERNMENT

Berea children under five can be weighed and measured June 25th and 26th, 3 to 5 p.m., at Robinson Hospital and Dr. Cowley's office.

This is a step the Children's Bureau asks of us to take in the program the Bureau has prepared to save the lives and health of our babies. Annually in Madison County, 268 babies die under 1 year of age.

Better children, better care, is the watchword everywhere. This is our patriotic duty.

Berea Pavillion Meetings

The first of the series of Pavillion meetings to be held this summer will be conducted by Brother Hudspeth at 7:30 next Sunday night, June 16.

Brother Hudspeth will have a rare treat for his audience at that hour in the form of a well-worked out lecture or sermon on the present world war as follows: "If Germany is Successful, Why? If America is defeated, Why?"

The citizens of Berea should fill the pavillion for this service. We must know all we can on the war and catch the spirit of our home talent and thereby further the cause in which we find ourselves.

Land Sale in Rockcastle County

Monday, June 24, 1918, between the hours of 1 and 4 p.m. at the front door of the Court House in Mt. Vernon, Ky., there will be sold to the highest and best bidder two tracts of land located on the head of Little Clear Creek, in Rockcastle County. Tract 1 contains 240 acres, excluding ten acres sold to I. L. Martin on East side. Tract 2 contains 40 acres more or less. These tracts will be sold separately and together and the sale bringing the most money will be accepted.

## RED CROSS NOTICE

The Red Cross work room will be open Tue., Thurs., and Friday afternoons from 2 to 5. Wednesday morning from 8 to 11 and Wednesday evening from 6:30 to 9.

Workers are urged to come. New material will soon be in and we want to double our output this summer. Word has come from headquarters that the work done in Berea is the best in this part of the division.

Mrs. C. H. Porter, Chairman.

## A MERRY CHASE

The familiar bark of the Lexington canine with long ears was again heard on the streets of Berea yesterday morning. The objective was one who prowled about the Wool work office during the wee hours of Tuesday night sometime, and gained access to cash drawer, relieving same of its contents. The dog acted nobly after getting scent of its man and followed the trail out through the campus, down Railroad street, crossed the railroad, and went direct to the home of William Bates, Mr. Bates, with his family, was standing in the yard, where the dog very positively showed his nose against him and refused to go further. Mr. Bates was taken into custody by the officers and placed under a \$200 bond for his appearance at court on the 22nd inst.

## U. S. SHIPPING BOARD ENROLLING SERVICE

From G. E. Porter, Special Enrolling Agent

In the window of the Porter-Moore Drug Store on Main Street, there is displayed a double-page advertisement from a current issue of a great national weekly that brings the war in the sea directly home to this section, and to the store where the advertisement appears. The proprietor of the store has a personal interest in the advertisement also, for it relates to war work that he is doing for the Government.

Furthermore, he helped pay for it—and the cost of the "ad" for the single issue was \$10,000.

The advertisement asks for 50,000 men between 21 and 30 for service in the new Merchant Marine. In the language of its headlines, it offers "50,000 jobs at sea" to clean-cut young Americans. It states that the U. S. Shipping Board will give them special training before putting them into actual sea service, carrying supplies to our armies and Allies in the fighting fields of Europe. So much importance is attached to this work that men accepted for it are exempted from a call to military duty.

The advertisement relates further, that "the Rexall Stores throughout the United States, nearly 7,000 of them, have been designated by the Government as enrolling stations for the U. S. Shipping Board. At these stores, right in their own home towns, young men may now 'sign on' for training and subsequent sea duty in the U. S. Merchant Marine."

The personal interest of Mr. G. E. Porter, in common with other Rexall druggists, in this striking war announcement, is contained in the concluding words of the advertisement, which are: "This use of the stores and the expense of this advertisement are contributed by the Rexall Stores to the cause of Liberty. ad-50"

## LAW PROPOSED TO DRAFT IDLE WOMEN

LOAFERS WITH THOSE OF OPPOSITE SEX UNLESS THEY ACT QUICKLY.

Need of Their Services in Useful War Work—A Movement Afoot to Petition Massachusetts Legislature to Conscript Women.

Western Newspaper Union News Service.

Boston, Mass.—Women loafers will soon be classed with those of the opposite sex unless they quickly realize the need of their services in useful war work, for there is already a movement afoot to petition the Massachusetts Legislature for a law to conscript women and make them do their share toward winning the war. There is a great need for women to help in many lines of endeavor directed toward a speedy termination of the war, but despite the appeals of those who are now giving their greatest energies, the response is not what it should be, it is said. The law which requires men to work or fight has appealed to those engaged in woman's activities, and so they are going to seek legislation to compel them to help out in the service. Women most active in war work are reluctant to admit the need of a draft law for women in Massachusetts, but, nevertheless, it is known that women who are doing their utmost are agreed that the bridge parties, teas and the motion pictures are still claiming more attention than is patriotic from eligible women. They are secretly planning to take drastic measures to enroll their sisters in useful service.

Muns Waste Four Torpedoes on Ship.

London.—A Belfast steamer, torpedoed by a German submarine while bound from England, has reached an Irish port badly damaged. Three of the crew were killed by the explosion of the torpedo. No fewer than four torpedoes were discharged by the submarine. The vessel was maneuvered so adroitly, however, that three of them missed their mark. The attack was made at night. At daybreak the vessel still was afloat, but well down by the head. The crew, which had abandoned the ship, went back on board, although the forward deck was awash, determined to take her to port.

First of Four Plants For Filling Shells.

Washington.—The first of the four great Government plants for filling shells with explosives is being operated, according to a report from General C. C. Williams, Acting Chief of Ordnance to Secretary Baker. All the plants will be in operation by August. It is believed, and will load a total of cost about \$5,000,000, and each will cover from 2,000 to 5,000 acres. The four plants daily will load 100,000 three-inch shells, 45,000 six-inch projectiles, 16,000 eight-inch or larger and 15,000 of the 4.7 howitzer shells.

City Employees Will Help Harvest.

Owensboro, Ky.—City employees and county officials will use every means at their command to assist in harvesting the wheat crop which will be ready in the early part of the current week. The City Commissioners will offer to the farmers of the county 25 of the employees of the municipality at no cost whatever to them. Commissioner Hickman announced. As many more as may be spared will be sent to the rural districts to help.

## SEIZE ALLEGED CZAR JEWELS

Stones Worth \$350,000 Taken by Federal Agents in New York City.

Hoboken, N. Y., June 10.—Federal authorities have removed from a safe deposit vault in New York, leased to the wife of a man who is said to have passed as an American army lieutenant, \$350,000 worth of precious stones, alleged to be part of a consignment of Russian crown jewels smuggled into this country. This announcement was made here when Montefiore Kahn and Vladimir Jorgelson, charged with complicity in the smuggling, were arraigned before a United States commissioner and released on bail.

Steamer Sunk Off Maryland Coast.

New Bedford, Mass.—Two whalers which arrived here reported they had been held up by a German submarine off Cape Hatteras. Captain J. T. Gonsalves, of the schooner A. M. Nicholson, said that on his pleading with the Captain of the U-boat that he was a poor man, and that the loss of his vessel meant ruin, he was allowed to proceed with his ship and \$20,000 cargo of sperm oil unharmed.

ROAD MAINTENANCE LAW

Be it Enacted by the General Assembly of the Commonwealth of Kentucky:

It shall be the duty of the Commissioner of Public Roads to determine the standard up to which inter-county-seat roads constructed with State aid shall be maintained by the counties. Said Commissioner of Public Roads shall make and promulgate such rules and regulations as may fully advise the county as to the requirements of said Commissioner. When any county in the State makes application for State aid, it shall be the duty of the Commissioner of Public Roads to forthwith ascertain whether inter-county-seat roads previously constructed with State aid have been maintained up to the standard so prescribed, and if he finds that said roads are not properly maintained by the counties, he may specifically direct what work shall be done to said roads to bring them up to his requirements, and if the county fails to comply with his specific directions, such county so failing shall not be entitled to receive State aid except as provided in Section No. 2 until such time as his requirement has been met.

2. If any county shall fail and refuse to maintain such road when so constructed, the Commissioner of Public Roads may apportion to the County and State aid to which it may be entitled, and may use any part or all of said sum for maintaining such roads and bringing them up to the standard so prescribed. After said roads have been brought up to the standard, any balance of the State aid which has been apportioned to said county may be allowed it to construct State aid roads.

3. All laws or parts of laws in conflict herewith are hereby repealed. Arrangements have been made for a reduced railroad fare of approximately 1 cent a mile for soldiers and sailors who desire to visit their homes before going overseas.
